Purpose: Meal plan information and requirements for students living on campus

Dining Services offers five meal plans (Platinum, Gold, Silver, Bronze, and Copper). All students enrolled in the College for Women are required to have a meal plan regardless of residential status. Meal plan eligibility is dependent on both completed credits and room assignment. Resident students may change their assigned meal plan up to the 10th day of class for Fall or Spring term. Dining Services operates on limited hours during break periods.

Meal Plan Dates

• Fall Dates: September 1 through December 21
• Spring Dates: January 2 through May 23

Meal plan rates are available on the Residence Life website. Please refer to the building information below.
