

# RESIDENCE LIFE

---

St. Catherine University students understand community and personal responsibility. Year after year, students living on-campus have exemplified mature, thoughtful and rational decision-making. With the spirit of the Residence Life Catholic Social Teachings (<http://www.stkate.edu/students/housing-and-dining/residence-life-office>) in mind, the University has identified standards of behavior that it considers essential to the mission of community living at St. Catherine University. These policies protect the rights of individuals and the residence hall community.

- Behavioral Expectations (<http://catalog.stkate.edu/policies/stu-non-acad/residence-life/behavioral>)
