

MANAGEMENT (MGMT)

MGMT 2400 Principles of Management – 4 credits

This course provides students with an understanding of effective management practices and structures. It emphasizes leadership requirements for managers, as well as three additional primary functions of management: planning, organizing and controlling. Students will explore the ethical foundation for business practices. Offered in the College for Women and the College for Adults.

MGMT 3400 Leadership, Effective Teams and Change Management – 4 credits

This course concentrates on four critical aspects of management: leadership, organizational change, ethics and teams. Students will explore a wide range of theories on effective leadership and apply these theories to their own experience. Students will examine ethics as a philosophical foundation in managing a company. Students will learn and apply organizational change theories/principles and effective team management practices. Case studies and group exercises are used throughout the course. Offered in the College for Women and the College for Adults.

Recommended: MGMT 2400.

MGMT 3460 Managing a Diverse Workforce – 4 credits

This course provides a hands-on approach to understanding how to work with people from different cultures. Students are asked to examine their own values and perspectives, to become aware of your own biases, and through examining different cultural orientations, to work towards greater understanding and acceptance of difference. The course focuses on the impact of diverse cultures on the work environment and management practices that enhance the full utilization of human diversity. Students will learn about belief systems, attitudes and conditioning and how these cognitive processes interact with the management of a diverse workforce. The management functions, organization behavior, change and productivity are examined in relation to issues of diversity. Anyone planning to work outside the home, regardless of discipline or field, can benefit from this course. Offered in the College for Women and the College for Adults. Also offered as CRST 3460.

MGMT 3850 Healthcare Policy – 4 credits

Healthcare professionals work in a system in transition due to healthcare reform. Policy makers and healthcare professionals must address issues such as high costs, improving quality, access for the uninsured, and new technologies. Emerging leaders need to understand the underlying dynamics of health care reform at the federal and state levels. Course goals include understanding key aspects of the U.S. healthcare system and healthcare reform, especially the Affordable Care Act and also insights into international system comparisons. Students will analyze reform strategies, including strengths and weaknesses of strategies. Offered in the College for Women and the College for Adults.

MGMT 4400 Operations Management – 4 credits

Operations Management familiarizes students with the concepts of operations management – the functions and processes involved in the production and delivery of goods and services. Students will learn how effective administration of business practices creates efficiency within organizations. Topics include measuring performance, strategy, supply chain design, supply chain management, resource management, quality control, and project management. More advanced topics of queuing analysis, forecasting, linear optimization, and decision analysis will also be introduced.

Prerequisites: ECON 1090 (or equivalent stats class), BUSI 2012.

MGMT 4490W Strategic Management – 4 credits

This course is a culminating capstone course in which students will use an integrative case approach to the formulation and implementation of policy within business- and administrative-type organizations. Students will draw upon the analytic tools and managerial concepts and techniques developed in previous business administration, economics and quantitative methods courses. Offered in the College for Women and the College for Adults.

Prerequisites: Senior standing, ACCT 3202 or ACCT 3210, MKTG 2300 or MKTG 2302, MGMT 2400.

MGMT 4684 Directed Study – 4 credits

Directed study is provided for students whose unusual circumstances prohibit taking a regularly scheduled course but who need the material of that course to satisfy a requirement. Availability of this faculty-directed learning experience depends on faculty time and may be limited in any given term and restricted to certain courses.

Prerequisites: Faculty, department chair and dean approval.

MGMT 4850W Senior Seminar in Healthcare Management – 4 credits

Using case studies and problem solving learning, you will integrate and apply theory, knowledge, and skills critical to success in health care management. This course prepares students to think clearly and critically as well as to use written communication skills essential for working in today's healthcare environment. Topics include regulatory mechanisms in health care, ethics in health information and health care delivery, HIPAA regulations, health care financing, and project analysis and management. Cases will include complex situations involving groups, individuals, and organizations. Students will learn to identify, locate, retrieve and use sources of information to problem solve issues as they resolve specific health care management cases. This course is designated as a St. Catherine University writing intensive course. Offered in the College for Adults.

Prerequisites: ACCT 2110 or ACCT 2112, ACCT 2130, MGMT 3850 and senior status.
