St. Catherine University is committed to creating and promoting accessible and inclusive learning and living environments for all and views disability as another aspect of diversity. Disability Resources (<https://www.stkate.edu/academics/academic-resources/oneill-center/disability-resources/>) personnel are integral in achieving this goal by partnering with students, faculty, and staff to address any barriers to full participation in the academic and co-curricular experience. It is our goal to ensure all students are provided the opportunity to participate fully in the residential experience at St. Catherine University.

Students requesting disability accommodations for a specific medical condition or disability will work with Disability Resources (<https://www.stkate.edu/academics/academic-resources/oneill-center/disability-resources/>) staff. Documentation in support of the requested accommodations should be first directed to the Disability Resources Office (<https://www.stkate.edu/academics/academic-resources/oneill-center/disability-resources/>) in the O'Neill Center at St. Kate's Disability Resources (<https://www.stkate.edu/academics/academic-resources/oneill-center/disability-resources/>). Staff will then partner with Residence Life to find the best housing solutions for each student.
