

HENRIETTA SCHMOLL SCHOOL OF HEALTH SCIENCES

The Henrietta Schmoll School of Health Sciences is a recognized leader in preparing competent, compassionate, and principled healthcare and human services professionals. It also engages clinical and community partners to influence health, health systems and health policy.

Highlighting interprofessional healthcare education in classroom, laboratory, and clinical settings, students work across traditional program boundaries to prepare for real-world work scenarios.

The School offers programs at the associate, baccalaureate, and doctoral levels across a wide range of disciplines. These disciplines include dietetics, exercise science, health informatics, holistic health, nutrition science, occupational therapy, physical therapy, physician assistant, public health, radiation therapy, radiography, respiratory care, social work, and sonography.

VISION

To be a leading Catholic School of Health distinguished by exemplary graduates, nationally recognized programs, transformational scholarship and engaged community partners.

Mission

The Henrietta Schmoll School of Health Sciences educates diverse learners and engages clinical and community partners to influence health, health systems, and health policy.

The School is distinguished by an emphasis on relationship-centered care, socially responsible leadership, interprofessional education, and collaborative practice initiatives.
