

PRE-PUBLIC HEALTH

The Master of Public Health (MPH) degree with a concentration in Global Health is a rigorous multi-disciplinary professional degree program for students who want to improve our healthcare systems and develop skills in how to design, implement and evaluate public health programs. It will prepare you to reduce health disparities and address disease prevention around the world and in your community, with special emphasis on the social justice perspective that we believe is integral to public health. The program prepares graduates to lead and positively influence ongoing and emerging population health threats globally and locally.

The Master of Public Health program of study includes a minimum of 44 credits. MPH courses are offered in the evening, in hybrid (meeting every other week in person) and online formats providing flexibility for working professionals and those with family responsibilities. One international experience, virtual or in-person, approved by the department is mandatory and can be fulfilled by completing the 200-hour practicum with an international partner or participating in a summer or January-term global studies course abroad. The program of study assures graduate competencies in global health as designated by the Council on Education for Public Health, our accrediting body.

St. Catherine University offers two alternatives for completing the Master of Public Health (MPH). The MPH program is available to students who have completed a B.A. or B.S. degree in another major. In addition, a dual-degree program is available to eligible St. Catherine University undergraduate students. Biology, Communication Studies, Economics, English, Exercise and Sport Science, Nutrition Science, Philosophy, Psychology, Public Health: community health worker, Public Health: health sciences, Public Health: public policy, women and international development, and Women's Studies have developed sequences of courses that include the Master of Public Health (MPH) program prerequisites, liberal arts core requirements and major course work in their respective fields. Upon completion of the curriculum, students will earn a B.A. or B.S. degree (depending on the degree available) and a Master of Public Health (MPH).

The Master of Public Health (MPH) degree with a concentration in Global Health is a rigorous multi-disciplinary professional degree program for students desiring a career improving public health through population health program development and evaluation, implementation of behavioral, environmental or policy interventions and evidence-based practice. The program prepares graduates to lead and positively influence ongoing and emerging population health threats globally and locally.

The Master of Public Health program of study includes a minimum of 44 credits. MPH courses are offered in the evening, in hybrid (meeting in person every other week) and online formats providing flexibility for working professionals and those with family responsibilities. One international experience (virtual or in person) approved by the department is mandatory and can be fulfilled by completing the 200-hour practicum at an international site or participating in a summer or January-term global studies course abroad. The program of study assures graduate competencies in global health as designated by the Council on Education for Public Health our accrediting body.

St. Catherine University offers two alternatives for completing the Master of Public Health (MPH). The MPH program is available to students who have completed a B.A. or B.S. degree in another major. In addition, a dual-degree program is available to eligible St. Catherine University undergraduate students. Biology, Communication Studies, Economics,

English, Exercise and Sport Science, Nutrition Science, Philosophy, Psychology, Women Studies, Women and International Development, and Public health: community health worker, health sciences, and public policy each have developed sequences of courses that include the Master of Public Health (MPH) program prerequisites, liberal arts core requirements and major course work in their respective fields. Upon completion of the curriculum, students will earn a B.A. or B.S. degree (depending on degree available and completion of applicable liberal arts and science core requirements) and a Master of Public Health (MPH).

Post-Baccalaureate Applicants

To be considered for admission, applicants must meet the following requirements:

- A completed baccalaureate degree from a regionally accredited institution of higher learning by the time of enrollment. Applicants with a college or university degree completed outside of the United States must submit an official evaluation from World Education Services as well as original transcripts and official translations of all documents not in English.
- An undergraduate cumulative grade-point average (G.P.A.) of 3.0 or higher on a 4.0 scale. Applicants who have a cumulative G.P.A. lower than 3.0 should submit an explanatory statement with their application for consideration.
- Prerequisite Courses (Students must have achieved a C or better in prerequisite courses):
 - College-level statistics or research methods course
 - College-level health-related science course (i.e., biology, nutrition, anatomy)

Dual Degree (3+2) Applicants

To be considered for admission, applicants must meet the following requirements:

- Junior status at St. Catherine University
- Declared major in one of the following:
 - Biology (p. 2)
 - Communication Studies (p. 2)
 - Economics (p. 3)
 - English (p. 4)
 - Exercise and Sport Science (p. 4)
 - Nutrition Science (p. 5)
 - Philosophy (p. 6)
 - Psychology (p. 6)
 - Public Health: Community Health Worker (p. 7)
 - Public Health: Health Promotion and Education (p. 7)
 - Public Health: Health Sciences (p. 8)
 - Public Health: Public Policy (p. 9)
 - Public Policy (p. 10)
 - Women and International Development (p. 11)
 - Women's Studies (p. 12)
- An undergraduate cumulative grade-point average (G.P.A.) of 3.0 or higher on a 4.0 scale. Applicants who have a cumulative G.P.A. lower than 3.0 should submit an explanatory statement with their application for consideration.
- Prerequisite Courses (Students must have achieved a C or better in prerequisite courses):

- College-level statistics or research methods course
- College-level health-related science course (i.e., biology, nutrition, anatomy)

If admitted, students will typically be awarded the St. Catherine baccalaureate degree after nine months in the MPH program. Following successful completion of all the MPH degree requirements, the master of public health degree is awarded.

The curriculum for each area of study is listed below.

NOTE: The list of graduate MPH courses students take (p. 13) *after completing their bachelor's degree* is printed at the end of this section. (p. 13) This is also where undergraduate students will find the list of (p. 13) *skills-based and topics-based electives from which they will choose the (one) course they will take prior to completing their bachelor's degree.*

Applied Science in Biology

This major is available in the College for Women only.

Biology Courses

Code	Title	Credits
BIOL 1710	Foundations of Biology: Diversity and Evolution with Lab	4
BIOL 1720	Foundations of Biology: Cell and Molecular Biology with Lab	4
BIOL 2720	Sophomore Seminar	2
BIOL 2710 or BIOL 2810	Introduction to Ecology with Lab Genetics with Lab	4
BIOL 3210	Biology of Microorganisms with Lab	4
BIOL 4860W	Senior Seminar	4
Select two from:		8
BIOL 3120	Human and Comparative Vertebrate Anatomy with Lab	
BIOL 3140	Human and Comparative Animal Physiology with Lab	
BIOL 3224	Cell Biology with Lab	
BIOL 3300	Evolutionary Biology with Lab	
BIOL 4220	Immunology with Lab	
Total Credits		30

Required Supporting Courses (also fulfills pre-MPH prerequisite requirement)

Code	Title	Credits
CHEM 1110	General Chemistry I with Lab	4
CHEM 1120	General Chemistry II with Lab	4
HLTH 2050	Foundations in Public Health	4
Select one of the following:		4
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
Total Credits		16

Recommended Course

Code	Title	Credits
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
or INDI 2220	Medical Terminology	

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from:		3
HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective		
One 3-credit topics-based elective		
Choose one from:		3-4
One 3-credit skills-based elective		
HLTH 6040	Global Health Policy and Governance	
Two 2-credit topics-based electives		

Total Credits **21-22**

Students who do not gain entry into the MPH program after their junior year complete the following courses for a major (B.A. degree) in biology:

Code	Title	Credits
Six additional credits in Biology at the 3000 or 4000 level, including at least one 4-credit field course and at least 4 credits at the 4000 level		6
BIOL 4602 or BIOL 4912	Internship Research	2
CHEM 2010	Organic Chemistry I with Lab	4
Total Credits		12

Students who do not gain entry into the MPH program after their junior year complete the following courses for a major (B.S. degree) in biology:

Code	Title	Credits
CHEM 2010	Organic Chemistry I with Lab	4
BIOL 4602 or BIOL 4912	Internship Research	2
Eight additional credits in biology at the 3000 or 4000 level		8
Total Credits		14

Applied Science in Communication Studies

This major is available in the College for Women only.

Required Prerequisite Courses (pre-MPH)

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
Select one of the following: 4		
Biology laboratory science course		
Chemistry laboratory science course		
Select one of the following: 4		
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
or STAT 1089	Statistical Analysis with Corequisite	
Total Credits		12

Recommended Course

Code	Title	Credits
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
or INDI 2220	Medical Terminology	

Communication Studies Courses

Code	Title	Credits
COMM 1000W	Introduction to Communication: Women and Social Change	4
COMM 1030	Speaking to Lead and Influence	4
COMM 2050	Media, Culture and Society	4
COMM 3070W	Gender and Rhetoric	4
COMM 3100	Communicating across Cultures, Identities and Differences	4
COMM 4600	Leadership and the Art of Persuasion	4
COMM 4850	Senior Seminar	4
One additional 4000-level course 4		
Total Credits		32

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from: 3		
HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective		
One 3-credit topics-based elective		
Choose one from: 3-4		
One 3-credit skills-based elective		
HLTH 6040	Global Health Policy and Governance	

Two 2-credit topics-based electives	
Total Credits	21-22

Students who do not gain entry into the MPH program after their junior year complete the major (B.A. degree) in communication studies.

Economics

This major is available in the College for Women only.

Required Prerequisite Courses (pre-MPH)

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
Select one of the following: 4		
Biology laboratory science course		
Chemistry laboratory science course		
Total Credits		8

Recommended Course

Code	Title	Credits
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
or INDI 2220	Medical Terminology	

Economics Courses

Code	Title	Credits
ECON 1090	Statistical Analysis for Decision Making ¹	4
ECON 2610	Principles of Microeconomics	4
ECON 2620	Principles of Macroeconomics	4
ECON 3050	Quantitative Impact Evaluation: Applied Research Skills	4
ECON 3610	Microeconomic Theory	4
ECON 3620	Macroeconomic Theory	4
Three additional 3000- or 4000-level courses in economics, chosen with the help of an advisor 12		
Total Credits		36

¹ Also meets prerequisite requirement for MPH

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from: 3		
HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective		
One 3-credit topics-based elective		
Choose one from: 3-4		

One 3-credit skills-based elective	
HLTH 6040	Global Health Policy and Governance
Two 2-credit topics-based electives	
Total Credits	21-22

Students who do not gain entry into the MPH program after their junior year complete the B.S. degree in economics, provided all requirements for the economics major have been successfully completed.

English

Code	Title	Credits
ENGL 2402	Language in Society	4
ENGL 3202	Literary Theory and Practice	4
Five electives, at least two of which are 3000 or 4000 level courses ¹		20
Total Credits		28

Graduate courses taken after admitted to the dual degree program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6040	Global Health Policy and Governance	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
HLTH 6100	Ethics and Human Rights for Global Health	1
One 2- or 3-credit topics-based elective		2-3
Total Credits		21-22

Students who do not gain entry to the MPH program after their junior year complete the following courses for a major (B.A. degree) in English:

Code	Title	Credits
ENGL 4860W	Senior Seminar: Humanities Capstone	4
Portfolio		0
Internship ²		0-4
Total Credits		4-8

¹ At least two must be at the 3000-level or above

² An internship is required as the eleventh course for the English major, and this requirement can be met in a variety of ways: with ENGL 4686 Internship: Writing in the Workplace; or accomplished independently for a variety of credit hours or as a non-credit option, all administered through the Career Development Office (and/or via our existing independent internship option, ENGL 4600, ENGL 4602 Internship or ENGL 4604 Internship). Approved internship experiences may also include the following: An O'Neill Center tutor position, a Summer Scholars research experience, an AMP TA position, or a related job that provides the development of skills and experiences our graduates can take into the work world. Students are encouraged to take on more than one internship if possible for the major.

Applied Science in Exercise and Sport Science

Students must complete the liberal arts core requirements, 60 hours of clinical experience, and the following courses.

This major is available in the College for Women only.

Required Prerequisite Courses (pre-MPH)

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
Select one of the following:		4
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
or STAT 1089	Statistical Analysis with Corequisite	
Total Credits		8

Required Supporting Courses:

Code	Title	Credits
BIOL 2610	Human Anatomy and Physiology I with Lab ¹	4
BIOL 2620	Human Anatomy and Physiology II with Lab	4
PSYC 1001	General Psychology with Lab	4
PSYC 2025	Lifespan Developmental Psychology	4
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
Total Credits		18

¹ Also meets prerequisite requirement for MPH

Exercise and Sport Science Courses

Code	Title	Credits
EXSS 2650	Introduction to Exercise and Sport Science	1
EXSS 2800W	Introduction to Research Methods in Exercise Science	4
EXSS 3350	Kinesiology and Biomechanics with Lab	4
EXSS 3450	Exercise Physiology with Lab	4
EXSS 3550	Exercise Testing and Prescription with Lab	4
EXSS 3615	Motor Learning and Motor Control	4
EXSS 3750	Care and Prevention of Athletic Injuries	2
IPE 4200W	Healthcare Teams - Evidence-Based Practice	4
Total Credits		27

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3

HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from:		3
HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective		
One 3-credit topics-based elective		
Choose one from:		3-4
One 3-credit skills-based elective		
HLTH 6040	Global Health Policy and Governance	
Two 2-credit topics-based electives		
Total Credits		21-22

Students who do not gain entry to the MPH program after their junior year complete the following courses for a major (B.S. degree) in exercise and sport science:

Code	Title	Credits
CHEM 1110	General Chemistry I with Lab	4
EXSS 3200	Health Behavior Psychology	4
EXSS 3400	Foundations of Sport Psychology	4
EXSS 3500	Methods of Strength Training and Conditioning	4
EXSS 4612	Fieldwork	2
EXSS 4614	Fieldwork	4
EXSS 4850	Capstone	1
FSNU 2300	Nutrition Foundations	4
FSNU 3400	Sports Nutrition	4
IPE 2800	Healthcare Teams: Opportunities and Challenges in Aging	4
Total Credits		35

Applied Science in Nutrition Science

This program is available in the College for Women only.

Required Prerequisite Course (pre-MPH)

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
Total Credits		4

Required Supporting Courses:

Code	Title	Credits
BIOL 2610	Human Anatomy and Physiology I with Lab ¹	4
BIOL 2620	Human Anatomy and Physiology II with Lab	4
CHEM 1110	General Chemistry I with Lab	4
CHEM 1120	General Chemistry II with Lab	4
CHEM 2010	Organic Chemistry I with Lab	4
PSYC 1001	General Psychology with Lab	4
Select one of the following: ¹		4
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	

or STAT 1089 Statistical Analysis with Corequisite

Total Credits **28**

¹ Also meets prerequisite course requirement for MPH

Recommended Course

Code	Title	Credits
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
or INDI 2220	Medical Terminology	

Nutrition Science Courses

Code	Title	Credits
FSNU 2300	Nutrition Foundations	4
FSNU 3400	Sports Nutrition	4
FSNU 3340	Life Cycle Nutrition-Peds	4
FSNU 3360	Life Cycle Nutrition-Adults	4
FSNU 4270	Current Issues in Foods and Nutrition	4
FSNU 4300W	Advanced Nutrition	4
Total Credits		24

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from:		3
HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective		
One 3-credit topics-based elective		
Choose one from:		3-4
One 3-credit skills-based elective		
HLTH 6040	Global Health Policy and Governance	
Two 2-credit topics-based electives		

Total Credits **21-22**

Students who do not gain entry to the MPH program after their junior year complete the following courses for a major (B.S. degree) in nutrition science:

Code	Title	Credits
BIOL 1710	Foundations of Biology: Diversity and Evolution with Lab	4
BIOL 1720	Foundations of Biology: Cell and Molecular Biology with Lab	4
FSNU 2900	Food Science	4
FSNU 4310W	Experimental Foods and Nutrition with Lab	4
FSNU 4604	Internship	4

Select one from:		4
FSNU 3770	Nutrition Education and Counseling	
FSNU 4350	Medical Nutrition Therapy I	
FSNU 3800	Intercultural and Community Nutrition with Lab	4
Total Credits		28

Philosophy

This program is available in the College for Women only.

Required Prerequisite Courses (pre-MPH)

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
Select one of the following:		4
	Biology laboratory science course	
	Chemistry laboratory science course	
Select one of the following:		4
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
or STAT 1089	Statistical Analysis with Corequisite	
Total Credits		12

Recommended Course

Code	Title	Credits
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
or INDI 2220	Medical Terminology	

Philosophy Courses

The philosophy major requires 36 credits.

Code	Title	Credits
Required philosophy courses:		
PHIL 2994	Topics	4
PHIL 3994	Topics	4
PHIL 4994	Topics (one upper-division Topics course)	4
Six additional courses selected from the PHIL course offerings, four at the 3000-level or above.		24
Total Credits		36

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3

Choose one from:		3
	HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective	
	One 3-credit topics-based elective	
Choose one from:		3-4
	One 3-credit skills-based elective	
	HLTH 6040 Global Health Policy and Governance	
	Two 2-credit topics-based electives	
Total Credits		21-22

Students who do not gain entry into the MPH program after their junior year complete the B.A. degree in philosophy, provided all requirements for the philosophy major have been successfully completed.

Applied Science in Psychology

This program is available in the College for Women only.

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
One biology laboratory science course		4
Total Credits		8

Recommended Course

Code	Title	Credits
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
or INDI 2220	Medical Terminology	

Psychology Courses

Code	Title	Credits
PSYC 1001	General Psychology with Lab	4
PSYC 1090	Statistical Methods in Psychology ¹	4
PSYC 2025	Lifespan Developmental Psychology	4
PSYC 3000	Research Methods in Psychology	4
PSYC 3010	Understanding Psychological Disorders	4
PSYC 4220W	History and Systems	4
One psychology elective of the student's choice at the 3000-level or 4000-level		4
Total Credits		28

¹ Also meets prerequisite course requirement for MPH

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from:		3

HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective	
One 3-credit topics-based elective	
Choose one from:	3-4
One 3-credit skills-based elective	
HLTH 6040 Global Health Policy and Governance	
Two 2-credit topics-based electives	
Total Credits	21-22

Students who do not gain entry to the MPH program after their junior year complete the following courses for a major (B.S. degree) in psychology:

Code	Title	Credits
PSYC 2850	Seminar I: Psychology Engages the World	2
PSYC 4850	Seminar II: Current Issues in Psychology	2
	One Philosophy course (excluding PHIL 2150)	4
	Two additional 3000-level Psychology laboratory courses	8
	One additional laboratory science course from Biology	4
Total Credits		20

Public Health: Community Health Worker

This major is available in both the College for Women and the College for Adults

Required Prerequisite Courses (pre-MPH)

Code	Title	Credits
BIOL 1120	Biology of Women with Lab	4
Select one of the following: ¹		4
ECON 1080	Statistical Analysis for the Social Sciences	
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
or STAT 1089	Statistical Analysis with Corequisite	
Total Credits		8

¹ Also meets requirement for Public Health: Community Health Worker Major and Concentration

Public Health: Community Health Worker courses

Code	Title	Credits
HLTH 1964	Community Health Worker Role, Advocacy, Outreach and Resources	3
HLTH 1966	Health Communication and Cultural Competence, Teaching and Capacity Building	3
HLTH 1968	Documentation, Legal and Ethical Issues in Community Health Work	3
HLTH 2050	Foundations in Public Health	4
HLTH 1974	Health Promotion Competencies I	3
HLTH 1975	Health Promotion Competencies II	2
HLTH 3150	Epidemiology	4
HLTH 3350	Environmental Health	4
HLTH 4700	Practicum Preparation	2

HLTH 4754	Practicum	4
HLTH 4800W	Senior Seminar in Public Health	4
One elective course 2000 level or higher. See recommended list of courses under the Public Policy Concentration.		4
IPE 1030	Healthcare Teams Foundations and Medical Terminology	1-2
or IPE 1020	Medical Terminology	
MGMT 3850	Healthcare Policy	4
or ECON 3250	Healthcare Economics	
Total Credits		45-46

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health ²	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3

Choose one from:		3
HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective		
One 3-credit topics-based elective		
Choose one from:		3-4
One 3-credit skills-based elective		
HLTH 6040 Global Health Policy and Governance		
Two 2-credit topics-based electives		
Total Credits		21-22

² Also meets requirement for Public Health: Community Health Worker Major and Concentration

Students who do not gain entry to the MPH program after their junior year complete the following course for a major (B.S. degree) in Public Health: Community Health Worker:

Code	Title	Credits
HLTH 3250	Global Health	4
Total Credits		4

Public Health: Health Promotion and Education

*The Health Promotion and Education concentration is currently on hold for the 2023-2024 academic year.

This major is available in the College for Women

Code	Title	Credits
BIOL 1120	Biology of Women with Lab ¹	4
Select one of the following: ¹		4
ECON 1080	Statistical Analysis for the Social Sciences	
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	

PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
or STAT 1089	Statistical Analysis with Corequisite	
Total Credits		8

¹ Also meets requirement for Public Health: Health Promotion and Education Major and Concentration

Public Health: Health Promotion and Education Courses

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
HLTH 3150	Epidemiology	4
HLTH 3350	Environmental Health	4
HLTH 4700	Practicum Preparation	2
HLTH 4754	Practicum	4
HLTH 4800W	Senior Seminar in Public Health	4
IPE 1030	Healthcare Teams Foundations and Medical Terminology	1-2
or IPE 1020	Medical Terminology	
EXSS 3200	Health Behavior Psychology	4
FSNU 2300	Nutrition Foundations	4
HLTH 2045	Health Promotion Competencies	4
HLTH 3400	Health Promotion Planning and Management	4
HLTH 3450	Critical Issues in Health Promotion	4
MGMT 3850	Healthcare Policy	4
or ECON 3250	Healthcare Economics	
Total Credits		47-48

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from:		3
HLTH 6100	Ethics and Human Rights for Global Health and one 2-credit topics-based elective	
One 3-credit topics-based elective		
Choose one from:		3-4
One 3-credit skills-based elective		
HLTH 6040	Global Health Policy and Governance	
Two 2-credit topics-based electives		
Total Credits		21-22

Public Health: Health Sciences

This major is available in the College for Women only.

Required Prerequisite Course (pre-MPH)

Code	Title	Credits
Select one of the following: ¹		4
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
or STAT 1089	Statistical Analysis with Corequisite	
Total Credits		4

¹ Also meets requirement for Public Health: Health Sciences Major and Concentration

Public Health: Health Sciences courses

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
HLTH 3150	Epidemiology	4
HLTH 3350	Environmental Health	4
HLTH 4700	Practicum Preparation	2
HLTH 4754	Practicum	4
HLTH 4800W	Senior Seminar in Public Health	4
IPE 1030	Healthcare Teams Foundations and Medical Terminology	1-2
or IPE 1020	Medical Terminology	
Select five courses in the area of human health and biological impacts on human health from the following:		20
BIOL 2200	Introduction to Microbiology with Lab	
BIOL 2610	Human Anatomy and Physiology I with Lab	
BIOL 2620	Human Anatomy and Physiology II with Lab	
BIOL 2650	Understanding Medical Research: Drugs, Devices and Complementary Therapies	
BIOL 2710	Introduction to Ecology with Lab	
BIOL 3120	Human and Comparative Vertebrate Anatomy with Lab	
BIOL 3140	Human and Comparative Animal Physiology with Lab	
BIOL 3210	Biology of Microorganisms with Lab	
BIOL 3224	Cell Biology with Lab	
BIOL 3250	Histology with Lab	
BIOL 3850	Biopsychology with Lab	
BIOL 4220	Immunology with Lab	
CHEM 2010	Organic Chemistry I with Lab	
CHEM 2020	Organic Chemistry II with Lab	
CHEM 4400	Biochemistry with Lab	
FSNU 2300	Nutrition Foundations	
MGMT 3850	Healthcare Policy	4
or ECON 3250	Healthcare Economics	
One 2000 level or higher course related to the social, behavior, legal, ethical or economic dimension of health ²		4
Total Credits		51-52

² See course options under Public Health: Public Policy below (or departmental approval)

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from:		3
HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective		
One 3-credit topics-based elective		
Choose one from:		3-4
One 3-credit skills-based elective		
HLTH 6040	Global Health Policy and Governance	
Two 2-credit topics-based electives		
Total Credits		21-22

Students who do not gain entry to the MPH program after their junior year complete the following course for a major (B.S. degree) in Public Health: Health Sciences:

Code	Title	Credits
HLTH 3250	Global Health	4
Total Credits		4

Public Health: Public Policy

This major is available in both the College for Women and the College for Adults.

Code	Title	Credits
Select one of the following: ¹		4
Biology laboratory science course (BIOL 1120 or BIOL 2610 recommended)		
Chemistry laboratory science course		
Select one of the following: ¹		4
ECON 1080	Statistical Analysis for the Social Sciences	
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
or STAT 1089	Statistical Analysis with Corequisite	
Total Credits		8

¹ Also meets requirement for Public Health: Public Policy Major

Public Health: Public Policy Courses

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
HLTH 3150	Epidemiology	4
HLTH 3350	Environmental Health	4
HLTH 4700	Practicum Preparation	2
HLTH 4754	Practicum	4
HLTH 4800W	Senior Seminar in Public Health	4
IPE 1030	Healthcare Teams Foundations and Medical Terminology	1-2
or IPE 1020	Medical Terminology	
MGMT 3850	Healthcare Policy	4
or ECON 3250	Healthcare Economics	
Select two courses that focus on the social and behavioral impacts on health and health disparities from (Note: check courses for prerequisites): ²		8
CRST 2050W	Foundations of Critical Studies of Race and Ethnicity	
PHIL 3400	Biomedical Ethics

Two 2-credit topics-based electives		
Total Credits		21-22

Students who do not gain entry into the MPH program after their junior year complete the B.S. degree in public policy, provided all requirements for the public policy major have been successfully completed.

Women and International Development

This major is available in the College for Women only.

Required Prerequisite Courses (pre-MPH)

Code	Title	Credits
BIOL 1110	Environmental Biology with Lab	4
HLTH 2050	Foundations in Public Health	4
Select one of the following: ¹		4
ECON 1090	Statistical Analysis for Decision Making	
HLTH 1090	Biostatistics	
PSYC 1090	Statistical Methods in Psychology	
STAT 1090	Statistical Analysis	
or STAT 1089	Statistical Analysis with Corequisite	
Total Credits		12

¹ Also meets requirement for Women and International Development major

Recommended Course

Code	Title	Credits
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
or INDI 2220	Medical Terminology	

Women and International Development Courses

Code	Title	Credits
ECON 1120	Economics of Social Issues	4
ECON 2620	Principles of Macroeconomics	4
ECON/POSC XXXX	Have and Have Nots: Examining Development, Poverty and Inequality	4
SOCI 2200	People, Stories and Images: Qualitative Social Research	4
or ECON 3050	Quantitative Impact Evaluation: Applied Research Skills	
Select one of the following:		4
POSC 3150	Women and Globalization	
POSC 3350	Nationalism and Ethnic Conflict	
WOST 2050W	Foundations of Gender and Women's Studies	4
WOST 4850W	Senior Seminar	4
Total Credits		28

Graduate Courses Taken After Admission to the Dual Degree Program

Code	Title	Credits
HLTH 6000	Critical Issues in Global Public Health	3
HLTH 6010	Principles of Epidemiology and Biostatistics I	3
HLTH 6020	Principles of Epidemiology and Biostatistics II	3
HLTH 6030	Design and Implementation of Global Health Programs	3
HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from:		3
HLTH 6100	Ethics and Human Rights for Global Health and one 2-credit topics-based elective	
One 3-credit topics-based elective		
Choose one from:		3-4
One 3-credit skills-based elective		
HLTH 6040	Global Health Policy and Governance	
Two 2-credit topics-based electives		
Total Credits		21-22

Students who do not gain entry to the MPH program after their junior year complete the following courses for a major (B.S. degree) in Women and International Development:

Code	Title	Credits
Select two of the following:		
COMM 3100	Communicating across Cultures, Identities and Differences	4
ECON 3480W	International Economics: Trade and Immigration	4
HLTH 3250	Global Health	4
NPSO 2100	Intro to the Nonprofit Sector	4
POSC XXXX	Global Cities	4
SOCI 3250	Cultural Anthropology	4
SOCI 3450	Women's Issues from Global Perspectives	4
Total Credits		8

WOST Courses: Students who do not gain entry to the MPH program and complete the major in Women and International Development must take a minimum of five WOST or WOST cross-listed classes (many in the major are cross-listed, see specific classes).

Women's Studies

This major is available in the College for Women only.

Required Prerequisite Courses (pre-MPH)

Code	Title	Credits
HLTH 2050	Foundations in Public Health	4
BIOL 1120	Biology of Women with Lab ¹	4
Select one of the following:		
ECON 1090	Statistical Analysis for Decision Making	4
HLTH 1090	Biostatistics	4
PSYC 1090	Statistical Methods in Psychology	4
STAT 1090	Statistical Analysis	4
or STAT 1089	Statistical Analysis with Corequisite	4
Total Credits		12

¹ Also meets requirement for Women's Studies major

Recommended Course

Code	Title	Credits
IPE 1030	Healthcare Teams Foundations and Medical Terminology	2
or INDI 2220	Medical Terminology	2

Women's Studies Courses

Code	Title	Credits
WOST 2050W	Foundations of Gender and Women's Studies	4
WOST 3640	Feminist Theory	4
WOST 4604	Internship	4
WOST 4850W	Senior Seminar	4
Two WOST courses cross-listed in arts or humanities ²		
Two electives cross-listed with any department and WOST ²		
Select one course from:		
COMM 2050	Media, Culture and Society	4
CRST 2150	Challenging Oppressions, Civic Engagement and Change	4

ECON 1120	Economics of Social Issues	4
Total Credits		36

² Of these four courses, one must be a WOST course with a race/ethnicity component and three must be upper division courses.

Courses other than WOST 2050W Foundations of Gender and Women's Studies, WOST 3640 Feminist Theory, WOST 4604 Internship, and WOST 4850W Senior Seminar are cross-listed for women's studies within the originating department (see list below).

Arts and Humanities

Code	Title	Credits
ARTH 3630	Gender, Art, and Society	4
CLAS 3460W	Women in Greece and Rome	4

HLTH 6050	Monitoring and Evaluation of Global Health Programs	3
Choose one from:		3
HLTH 6100 Ethics and Human Rights for Global Health and one 2-credit topics-based elective		
One 3-credit topics-based elective		
Choose one from:		3-4
One 3-credit skills-based elective		
HLTH 6040	Global Health Policy and Governance	
Two 2-credit topics-based electives		
Total Credits		21-22

Students who do not gain entry into the MPH program after their junior year complete the B.A. degree in women's studies, provided all requirements for the women's studies major have been successfully completed.

Graduate Courses Taken after Completion of B.A. or B.S. Degree for Any of the Undergraduate Dual-Degree Programs Listed Above

Code	Title	Credits
Required Courses:		
HLTH 6040	Global Health Policy and Governance	3
HLTH 6110	International Perspectives in Environmental Health Sciences	3
HLTH 6130	Social and Behavioral Health Theories and Applications	3
HLTH 7100	200-Hour Practicum	4
HLTH 7200	Capstone	3
Select one or two of the following courses (depending on which elective you chose as an undergraduate student):		3-6
HLTH 6210	Health Communication	
HLTH 6220	Qualitative Research Methods	
HLTH 6230	Health Economics and Policy	
HLTH 6240	Quantitative Data Analysis	
HLTH 6500	Child Family Health International Global Education Program	
Select four or six credits from the following (depending on which elective you chose as an undergraduate):		4-6
HLTH 6310	Refugee and Immigrant Health	
HLTH 6320	Global Issues in Women's Health	
HLTH 6330	Public Health in Conflict and Humanitarian Emergencies	
HLTH 6335	Water, Sanitation, and Hygiene (WaSH) in Public Health	
HLTH 6340	Infectious Disease: From COVID-19 to malaria and TB	
HLTH 6350	Nutrition in Low- and Middle-Income Countries	
HLTH 6360	Violence as a Public Health Issue	

HLTH 6380	Healthcare Systems and Policy
HLTH 6390	The Global Rise in Chronic Diseases: Who is Paying Attention?
HLTH 6720	Social Determinants of Health
HLTH 6810	Perspectives of Health and Healing in India
HLTH 6953	Independent Study (pending departmental approval)
NURS 6011	Global Health and Populations
ORLD 7600	
Total Credits 25
