

ASSISTANTSHIP MENTORING PROGRAM (AMP)

St. Kate's students build leadership skills through paid positions in the Assistantship Mentoring Program (AMP). Students co-apply for AMP with a faculty or staff mentor to engage in a research, teaching or program assistantship. These positions expand students' academic and professional experience while providing student employment, at the student leadership pay rate. AMP is offered through Community Work and Learning (CWL), part of the Office of Scholarly Engagement. More info can be found on CWL's website: <https://www.stkate.edu/academics/cwl> (<https://www.stkate.edu/academics/cwl/>)
