ASSISTANTSHIP MENTORING PROGRAM (AMP)

St. Kate’s students may take leadership through paid positions in the Assistantship Mentoring Program (AMP). Students, who co-apply for AMP with, and are mentored by, a faculty or staff member, can engage in research, teaching and program assistantships. These positions expand students’ academic and professional opportunities while providing student employment, at the student leadership pay rate. AMP is offered through Community Work and Learning (CWL), part of the Office of Scholarly Engagement. More info can be found on CWL’s website: https://www.stkate.edu/academics/cwl (https://www.stkate.edu/academics/cwl/)
